THE EVOLUTION OF INVESTING

DISCLOSURE

An investment in the Fund is subject to investment risk, including the possible loss of principal amount invested. The Fund may invest in foreign and emerging market securities which carry additional risks than investing in the United States such as currency fluctuation, economic or financial instability, lack of timely or reliable financial information or unfavorable political or legal developments. The Fund is subject to model risk, the investment process includes the use of proprietary models and analysis which rely on third party data and if inaccurate could adversely affect the Fund performance. The Fund may invest in Exchange Traded Funds (ETFs), mutual funds and Exchange Traded Notes (ETNs) which will subject the Fund to additional expenses of each ETF, mutual fund or ETN and risk of owning the underlying securities held by each. Options on securities may be subject to greater fluctuations in value than an investment in the underlying securities. Master Limited Partnership risk entails risks such as fluctuations in energy prices, decrease in supply of or demand for energy commodities. In addition, the Fund is subject to market risk, management risk, dividend risk, growth risk, value risk, debt security risk, high-yield security risk, small and medium company risk, portfolio turnover risk, securities business risk, mortgage-backed securities risk, new fund risk and trading price risk. The Fund is new with no operating history and there can be no assurance that the Fund will grow or maintain an economically viable size, in which case the Fund may be liquidated.

Investors should consider the investment objectives, risks, charges and expenses carefully before investing. For a current prospectus with this and other information about the Fund please visit our website at www.wbishares.com or call 1-800-772-5810. Read the prospectus carefully before investing.
